----------------------------------	-------------------------

*The Calvert Marine Museum Events calendar will be undated on a regular basis. For an up to date calendar, or for more information on any of the events listed above, please contact Melissa Carnes at 410-326-2042 x17 or carnesmd@co.cal.md.us.

* The Calvert Marine Museum brings local history and maritime culture to life every month through specially designed youth programs for children ages 3-9. Little Minnows, for youngster aged 3-5, meets from 10:00am – 11:00am on selected weekdays each month. Young Salts, for children aged 4-6, meets from 10:00am – noon on selected Saturdays monthly. Young Buccaneers, for youth aged 7-9, meets from 10:00am – noon

on selected Saturdays monthly. Little Minnows, Young Salts, and Young Buccaneers programs are hands-on, interactive educational workshops where children work with the museum's Education Department staff on games, craft projects, story telling, role-playing, tours of the museum, and much more. Programs are designed to present a close look at a specific museum theme or exhibit, and topics for each of these workshops changes monthly. Fees for these programs range from \$8-\$10, and programs are open to the public – there is no charge for the Little Minnows program.
